

HUNTINGTON BALLET ACADEMY

Huntington Ballet Academy is organized into five levels of study beginning at age 7. We have chosen American Ballet Theatre's (ABT) National Training Curriculum for the development and training of young students that embraces sound ballet principles and incorporates elements of the French, Italian and Russian schools of training. All students are expected to take year-end examinations adjudicated by officials of the ABT school. We also offer other forms of dance such as Character, Modern & Jazz to develop a complete dancer. Our faculty is comprised of professionally trained teachers whose mission is to instill discipline, artistry and a passion for the art of Ballet as well as an appreciation for other dance forms. Our dancers are prepared to follow their dreams & aspirations to university study or professional career.
